

WELL DISCLOSURE STATEMENT

43. Property located at _____.

44. OTHER WELL INFORMATION:

45. Date well water last tested for contaminants: _____ Test results attached? Yes No

46. Comments: _____

47. _____

48. _____

49. _____

50. _____

51. _____

52. _____

53. Contaminated Well: Is there a well on the property containing contaminated water? Yes No

54. SEALED WELL INFORMATION: For each well designated as sealed above, complete this section.

55. When was the well sealed? _____

56. Who sealed the well? _____

57. Was a Sealed Well Report filed with the Minnesota Department of Health? Yes No

58. MAP: Complete the attached MAP showing the location of each well on the real property.

59. This disclosure is not a warranty of any kind by Seller(s) or any licensee(s) representing or assisting any part(/ies) in
60. this transaction and is not a substitute for any inspections or warranties the party(ies) may wish to obtain.

61. CERTIFICATION BY SELLER: I certify that the information provided above is accurate and complete to the
62. best of my knowledge.

63. _____ (Seller or Designated Representative) _____ (Date) _____ (Seller or Designated Representative) _____ (Date)

64. BUYER'S ACKNOWLEDGEMENT:

65. _____ (Buyer) _____ (Date) _____ (Buyer) _____ (Date)

66. ORIGINAL COPY TO LISTING BROKER; COPIES TO SELLER, BUYER, SELLING BROKER.

68. **INSTRUCTIONS FOR COMPLETING THE WELL DISCLOSURE STATEMENT**

69. **DEFINITION:** A “well” means an excavation that is drilled, cored, bored, washed, driven, dug, jetted or otherwise
70. constructed if the excavation is intended for the location, diversion, artificial recharge or acquisition of groundwater.

71. **MINNESOTA UNIQUE WELL NUMBER:** All new wells constructed AFTER January 1, 1975, should have been
72. assigned a Minnesota unique well number by the person constructing the well. If the well was constructed after this
73. date, you should have the unique well number in your property records. If you are unable to locate your unique well
74. number and the well was constructed AFTER January 1, 1975, contact your well contractor. If no unique well number
75. is available, please indicate the depth and year of construction for each well.

76. **WELL TYPE:** Use one of the following terms to describe the well type.

77. **WATER WELL:** A water well is any type of well used to extract groundwater for private or public use. Examples
78. of water wells are: domestic wells, drive-point wells, dug wells, remedial wells and municipal wells.

79. **IRRIGATION WELL:** An irrigation well is a well used to irrigate agricultural lands. These are typically
80. large-diameter wells connected to a large pressure distribution system.

81. **MONITORING WELL:** A monitoring well is a well used to monitor groundwater contamination. The well is
82. typically used to access groundwater for the extraction of samples.

83. **DEWATERING WELL:** A dewatering well is a well used to lower groundwater levels to allow for construction
84. or use of underground spaces.

85. **INDUSTRIAL/COMMERCIAL WELL:** An industrial/commercial well is a nonpotable well used to extract
86. groundwater for any nonpotable use, including groundwater thermal exchange wells (heat pumps and heat
87. loops).

88. **WELL USE STATUS:** Indicate the use status of each well. CHECK ONLY ONE (1) BOX PER WELL.

89. **IN USE:** A well is “in use” if the well is operated on a daily, regular or seasonal basis. A well in use includes
90. a well that operates for the purpose of irrigation, fire protection or emergency pumping.

91. **NOT IN USE:** A well is “not in use” if the well does not meet the definition of “in use” above and has not been
92. sealed by a licensed well contractor.

93. **SEALED:** A well is “sealed” if a licensed contractor has completely filled a well by pumping grout material
94. throughout the entire bore hole after removal of any obstructions from the well. A well is “capped” if it has
95. a metal or plastic cap or cover which is threaded, bolted or welded into the top of the well to prevent entry
96. into the well. A “capped” well is not a “sealed” well.

97. If the well has been sealed by someone other than a licensed well contractor or a licensed well sealing
98. contractor, check the well status as “not in use.”

99. If you have any questions, please contact the Minnesota Department of Health, Well Management Section,
100. at (651) 201-4587 (metropolitan Minneapolis–St. Paul) or 1-800-383-9808 (greater Minnesota).

101. **ORIGINAL COPY TO LISTING BROKER; COPIES TO SELLER, BUYER, SELLING BROKER.**
